

Follow the Branching Key

You need a pencil.

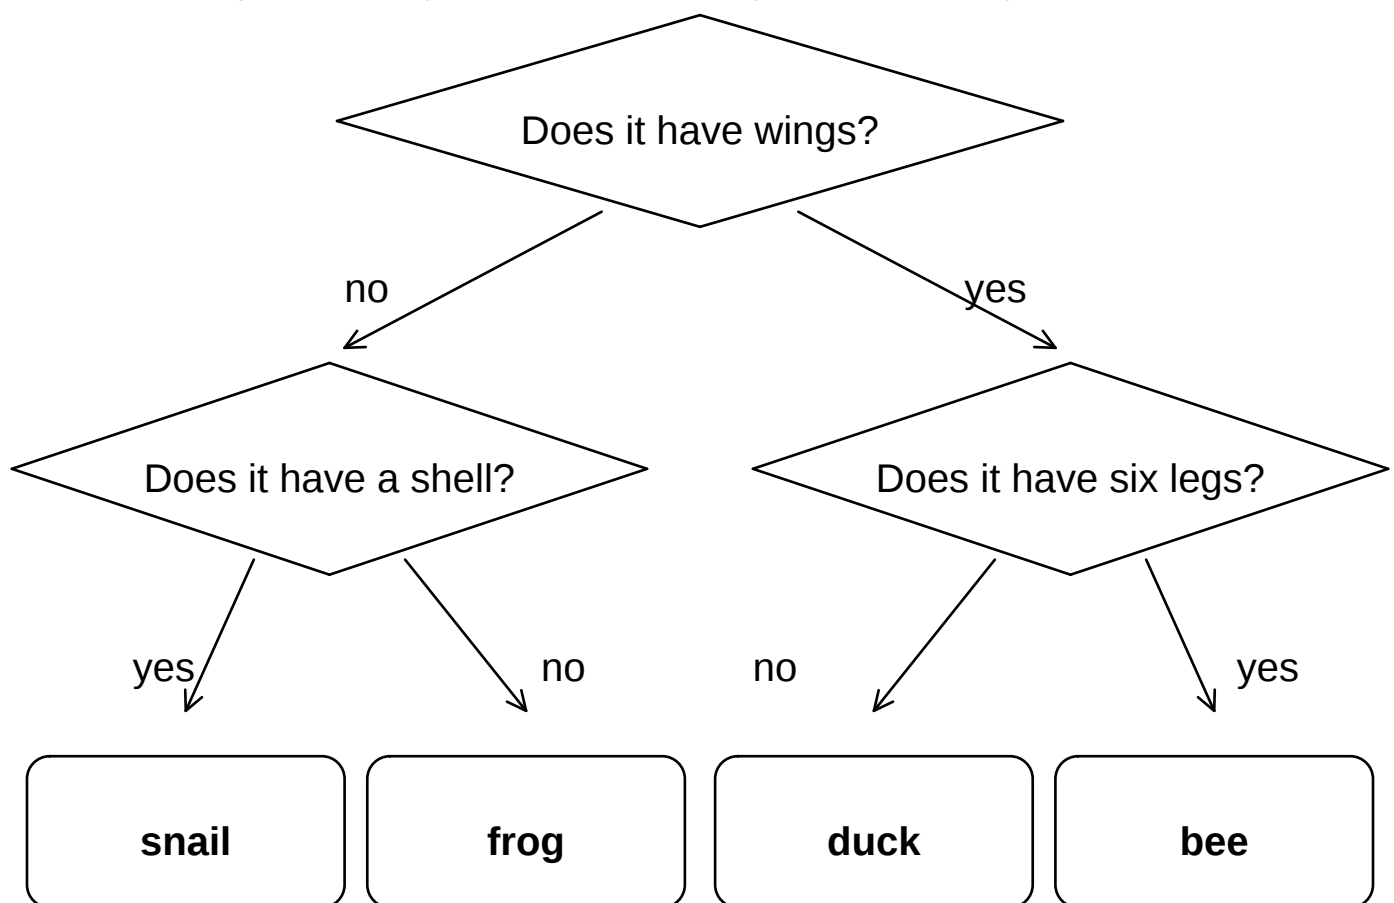

1 Explore

Read the mystery creature's clues in the box.

It has wings. It has six legs. It has yellow and black stripes.

2 Create

Start at the top of the key. Follow it and ring the creature you reach.

3 Explain

Write one more question that would tell the snail from the frog.

Try another way: build a key of your own for four fruits.
