

Sort Five Creatures

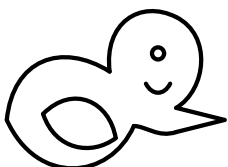

You need a pencil.

1 Explore

Count the legs on each creature and write the number in the table.
Then tick Wings? and Swims? for every row.

A

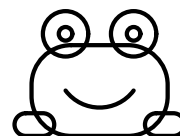

B

C

D

E

Creature	Legs	Wings?	Swims?
A			
B			
C			
D			
E			

2 Create

Draw a creature with 4 legs
that swims, in the box.

Name _____

3 Explain

One creature has wings and
swims. Write its letter, then
write how both of those help it.

Add one more idea: on the back, draw a sixth creature and its own row.
